

The Clinic 279 Telemedicine Services

**TELEPHONE or VIDEOCONFERENCING
CONSULTATIONS AVAILABLE**

**Great healthcare as you
expect from The Clinic 279
..... wherever you are!**

The Clinic 279 has been providing of outstanding and continuous Medical Services to our patients since 1937.

In these challenging times, though we will still be opened, as an alternative to traditional GP consultations, The Clinic 279 would like to announce that Telemedicine Services (Video-Visit Telehealth or a simple Telephone consultation) are now available, which provide the reassurance of being able to get onto your trusted doctor or nurse, from the convenience of your home, office or from wherever you are!

Please note that The Clinic 279 Telehealth is not intended for emergency situations – in Emergencies, call 000.

There are 2 types of Telehealth Services available:

- ***Traditional telephone** and
- * **Video link through our Telehealth Software.**

Soon we hope to add the Telehealth services for our Allied Health Practitioners and other services.

And it will be available via our Website which is soon to be completed.

How do you start?

①

Book a Telehealth Consultation via Reception – we'll organise you from there
03 94701954

②

After the Consultation, we can forward any scripts or documents as needed.

All documents are encrypted and remain safe as per Australia's Privacy Laws.

No part of telephone or video-conferencing is kept according to law.

MEDICARE REBATES for Telemedicine

have been provided by
The Australian Government

OTHER SERVICES, which may be still very important at this critical time:

- 1. Mental Health Plans** (most counsellors/psychologists will offer Telephone or Telemedicine options, as well) – Medicare Rebates apply.
- 2. Chronic Disease management** including GPMP and Health Assessments – Medicare Rebates apply.
- 3. Diagnosis, Management, Advice and Treatment ...** which may include investigation, referrals, prescriptions and so on.

Download the **COVIU TELEMEDICINE APP** onto
your phone or computer
